

Mohammed Ammar Tanwar

Bangalore • +91 823 9019 096 • ammartanwar60@gmail.com

Professional Summary

Skilled **Web Developer** with over **3 years** of experience in designing and managing business websites. Proficient in **HTML5, CSS, JavaScript, React.js, Next.js**, and **WordPress**. Demonstrated expertise in **front-end development** and a proven track record of creating visually appealing, user-friendly websites that exceed client expectations in agile environments.

Eager to contribute technical acumen and multifaceted development expertise in a dynamic **Full-stack Developer** role.

Professional Experience

Learnbay

Senior Web Developer

January 2022 - Present

- **Spearheaded** a web development team, overseeing project execution, ensuring timely delivery, and maintaining high standards of quality and performance.
- Successfully migrated legacy code to TypeScript with **React.js** and **Next.js**, enhancing code quality and application scalability.
- Utilized **Git** for version control to organize code modifications, manage branches, and coordinate tasks efficiently with team members, ensuring smooth collaboration and project continuity.
- Managed and **optimized advertisement pages** to align with marketing objectives, improving relevance and effectiveness of marketing efforts.
- Partnered with SEO and Google Ads teams, designers, product managers, and developers to design and implement new features and functionalities, ensuring alignment with strategic goals and enhancing overall product effectiveness.
- Implemented **user-friendly features** that significantly increased user engagement, as evidenced by product analysis and user feedback.
- Utilized **Chrome DevTools** for client-side performance benchmarking and optimization, including network throttling and CPU slowdown techniques to boost efficiency.

ABAL Solutions

Wordpress Developer

May 2020 - December 2021

- Designed and implemented websites from **initial concept** and **site architecture** to finished deliverables, and coordinated content creation, design, and periodic updates to maintain website relevance and performance.
- Installed necessary **plugins** and performed additional coding to ensure final design and functionality requirements were met, delivering a seamless user experience.
- Delivered quality commercial websites adhering to **coding standards** and **cross-browser compatibility**, ensuring a consistent experience across different platforms.
- Collaborated with designers and project developers to understand project scope and provided elegant, creative, and scalable solutions.
